

JEGERD

The bullet-proof vest LV 47 provides maximal ballistic protection at the front, back and on the sides. The vest could be equipped with the additional neck, two-parts groin, shoulder and arm protectors for higher ballistic protection. The front, back, and sides parts of the vest are with webbing Molle system. There are pockets for hard ballistic panels at front, back and sides of the vest.

The vest is standardly produced in these colours. It is possible to produce the vest in other colours. For more information please contact us.

Black

Foliage green
