

LS 34 / CONDÉ

The simple bullet-proof vest LS 30 is designed for hidden wearing. The vest provides the ballistic protection in the front and back of the body. The fastening of the vest creates elastic straps and velcro.

The vest is standardly produced in these colours. It is possible to produce the vest in other colours. For more information please contact us.

Specifications:

- Soft ballistic panels at the front, back and sides parts of the vest.
- The vest is designed for hidden wearing under clothing.
- Size adjustment in hips and shoulder parts.
- Anti-bacterial inner material is used to temperature regulation, removal moisture from the surface of the body.
- Fastening of the vest in shoulder part is from back to front direction.

Protective area of the vest without additional protectors:

Approx. area:

- L size: cm²

Material:

type	composition	decitex	basis weight [g/m²]
Cordura	93% pa cordura - 7% Lycra	370x335 dtex	235
Cordura 300	100% Cordura	370x370 dtex	190
Mixtures	65% polyester / 35% cotton		210
